## Natural shapes and colours

✿ Carefully explore your natural surroundings and find three shapes that you like. They could be flowers, leaves, a tree, a minibeast, or anything else that is natural.

✿ Draw the outline of these shapes in the boxes below. Don't use any colour or shading.

Write down some words that describe these shapes.

/ .....

✿ Now look for three natural colours you like.

✿ Try to make these colours using coloured pencils, crayons or paint and put them in the boxes below.

Write down some words that describe these colours.

/ .....

*Back at school, you can use these colours and shapes together to make a design.*
